

Lithuania: Solutions for Greener Future

LITHUANIAN DEVELOPMENT COOPERATION

In over 20 years as a donor country, Lithuania's development cooperation strength is based on **transformation experience and commitment to democratic principles.**

Our main focus is consistent support to **Ukraine and its reconstruction.**

Lithuania contributes to **addressing the most pressing global challenges** mostly by building resilience to hybrid threats for democracy.

Yet, as the world grapples with **environmental issues**, Lithuania emerges as a **beacon of sustainable solutions.**

WAYS TO COOPERATE

PUBLIC PROCUREMENT

Partner in tenders for innovative climate related solutions

EXISTING INSTITUTION BUILDING TOOLS

Get involved in Twinning projects and TAEX programme in partnership with Lithuania

EUROPEAN CHANNELS

Discover possible cooperation through EU initiatives and programmes

BUSINESS AS USUAL

Contact Lithuanian businesses for cooperation and trade

ECONOMIC DIPLOMACY

Facilitate business-to-business cooperation through diplomatic network

INTERNATIONAL INITIATIVES

Uncover possibilities to partner in international programmes

WHAT SOLUTIONS CAN LITHUANIA OFFER?

Lithuanian Green Solutions Catalogue aims to support international cooperation for sustainable development.

The Green Solutions Catalogue, first published in September 2024 is **constantly updated** and aims to **showcase Lithuania's green solutions and eco-friendly practices** to international partners, in support of collective efforts towards a greener, healthier, and more sustainable world.
